

**“I’m a million-dollar Annuity producer... and now with GamePlan’s help I’ve increased my Life Insurance production from \$15,000 to \$700,000 of target premium in just under a year. What’s YOUR GamePlan?”**

*(results may vary)*

“Teaming up with GamePlan has radically improved my operation. Prior to signing on with them I was caught in a slow, methodical mode of growth that was nowhere near fulfilling the potential my market offered and that I wanted to achieve. Other marketing organizations had made a steady stream of promises telling me they could show me how to grow my business faster by using their products and marketing methods. However, “Every game has a winner... Every Winner has a GamePlan” really resonated with me. It gave me the impression they were not going to plug me into a one size fits all strategy, but would instead help identify and execute a plan that was personalized for me.

Once I signed on, the GP Creative team did exactly as I expected. They helped me lay out a personalized strategy to grow my operation on a scale and time line that worked for me. My Sales Coach is a true partner in my practice, providing the day-to-day assistance required to close cases and help keep me on task.

The results have been outstanding and I truly believe we could not have achieved the levels we are at today without the efforts of the entire GamePlan organization. GamePlan has absolutely exceeded my expectations!”
